GESSI THE PRIVATE WELLNESS COMPANY®

THE GESSI OASIS.
A “GREEN” INDUSTRIAL PARK

Design today need not only be aesthetics, ergonomics, functionality and ability to industrialize the product; it should also take account of the values and concerns of society: **the environment, energy resources, new dwelling customs, new individual and collective needs**.

Gessi has long engaged in a very accurate study of innovative, timeless designs and new housing concepts for tomorrow’s dwellings to be invariably proposed at every season - relying on the use of highest quality materials and the time-honoured tradition of meticulous Italian craftsmanship. The same level of accuracy is used in its search for technical and technological solutions so as to obtain safe and sustainable products and processes.

Gessi purports to be a ‘***special place***’ where out-of-the-ordinary fantasies come true.
The new Gessi Park originates from this very idea. It was designed as a special, oasis-like production complex that combines functionality and efficiency with beauty, eco-friendliness and worker-friendliness. **The Park layout mixes industrial** and landscape eco-architecture, technology and design, all harmoniously integrated in the territory. This provides a perfect setting for seamless production processes where products meant for worldwide exportation are manufactured with the use of state-of-the art technologies and zero environmental impact.

The green design of the Park is just an aspect of the overall project whose ***environmental sustainability*** rests with technically advanced, ecologically responsible and industrially unparalleled if not unique system solutions.

These solutions span from natural lighting and ventilation apparatuses through indoor quality control to highly efficient conditioning and heating systems including, inter alia, systems recovering and reusing the heat produced; all devices are designed with the utmost attention to energy efficiency and abatement of polluting emissions into the atmosphere.
Gessi is the first company in Europe to have developed pilot **plants for recycling** almost all of the water employed in production processes, e.g. systems for the drainage of underground water and its reuse for irrigation, systems for process-water collection, purification and recycling, etc. The Company has also deployed on a 4 ha surface one of the most innovative and advanced rooftop **solar photovoltaic generation systems**, which came into operation at the end of 2010 and will produce clean energy while avoiding thousands of tons of CO2 to be released into the atmosphere.

The commitment to optimise processes and minimise wastes and inefficiencies involves each level of the Organization through an Integrated ***Quality and Environmental Management System.***
Environment protection is a concern since the very early stages of development of any product or process project; Gessi considers it a mission towards its clients and a commitment to create a mindset for everyone to embrace environment minded behaviours and choices.

After all, for Gessi Innovation means not only inventing new aesthetic solutions but also, and more importantly, meeting dreams and needs, including those of generations to come, with new technologies, new production processes and new materials. Along with **design uniqueness and technology**, the real added value of the Gessi brand is indeed its **content of poetry** and **respect for the world**.

PRODUCT CERTIFICATION STANDARDS

GESSI IN THE WORLD Gessi believes strongly in maintaining a compassionate responsibility to the environment and humane treatment of its employees. This vision has helped establish Gessi as a world leader in developing and encouraging new forms of humane capitalism.
Gessi also takes great pride in implementing sophisticated manufacturing techniques in its quest to preserve balance and focus in creating fashionable collections of luxury kitchen and bath faucets, matching accessories, decorative sinks and mirrors.
At its very core, Gessi sees itself as a socially and environmentally responsible company.

C US

WaterSense Meets EPA Criteria
Certified by CSA International

Gessi the ethical company, attentive to quality, employees and the environment.
Employing advanced technology, and sometimes inventing its own new processes, adhering to its own strict policies, often far beyond regulations, every day Gessi affirms its goal of preserving the environment, manufacturing creations of unparalleled quality and promoting a healthy workplace.
These is what Gessi strives for, in the belief these values should be shared by all those who want to foster a culture of the product that goes beyond simple appearances.

GENERAL TERMS AND CONDITIONS OF SALE

TECHNICAL PRESCRIPTIONS:

1) in order to guarantee a long-lasting performance of the product we recommend to install angle valves with filter, which must be regularly cleaned;
2) you should not install the product in presence of water pressure higher than 5 bar: in case of higher pressure, it is recommended to use a pressure reducer (In the case, use a demonstrable pressure reducer that complies with local requirements);
3) Testing suitable for local requirements with a maximum pressure of 12 bar;
4) water temperature should not be higher than 70°C;
5) carry out the rinsing of the pipes before installing the tap; before installing the product, have proof that the inlet water pipes are cleaned according to local regulations in force.
6) regarding the installation follow the assembly instructions enclosed with the product;
7) do not connect the earthing of an electric installation to a flexible hose or to another water pipeline;
8) close the plant in case of an extended absence of more than twenty-four hours.

The company has the right to invalidate the warranty when the above mentioned conditions will not be obeyed, checked by a technician of GESSI S.p.A.

The company GESSI S.p.A. can issue only any modifications at this warranty through a proper written declaration. Furthermore, the warranty will not be valid in case of missing documentation which proves the date of purchase.

Possible product damages a/o defects will be replaced under warranty only if the related item of complaint is send back to GESSI S.p.A. in the original packaging including the proof of purchase. The warranty is valid in all the countries, excluded USA and Canada, where the product has been supplied by GESSI S.p.A. or by its authorized distributor. The costs for the assembling and the disassembling of the product, the travelling and the technical interventions by the skilled staff, as well as the burden undergone by the customer due to the indisposition a/o the suspension of the product use are in any case excluded from the warranty. Possible imperfections at the finishing and at the raw materials, are not defects, but features of the product due to the handmade production.

MAINTENANCE: GESSI S.p.A. PRODUCT CLEANING INSTRUCTIONS

GESSI S.p.A. products are manufactured in different materials to suit all market, design and functionality needs. The surfaces of the products manufactured by GESSI S.p.A., for both indoor and outdoor environments, are obtained using the best materials and approved production processes and they are constantly enhanced by advanced quality certification methods.
The resistance and durability of all the types of material mentioned above are closely linked to proper use, good maintenance and the use of suitable cleaning materials and products that preserve the original characteristics. Therefore, the appearance of spots of rust or limescale deposits are clear indications of incorrect or lack of cleaning and not the result of defects and/or poor quality of the materials used.

Therefore, in order to fully appreciate your Gessi product and preserve its aesthetic quality, consider the following:

- The pollutants found in rainwater or the limescale in mains water remain in the form of stains on the surface of the product once the water has evaporated. It is possible to prevent the formation of deposits and keep your product clean by always drying it with a soft cloth.
- DETERGENTS, SOLVENTS, CHEMICAL AGENTS, ABRASIVE SPONGES, WIRE WOOL, ALCOHOL, PRODUCTS CONTAINING CHLORINE AND ITS DERIVATIVES, ETC. MUST NOT BE USED as these may irreparably damage the product surfaces, thus compromising their aesthetic qualities, brightness and satin finish. REGULARLY CLEAN THE PRODUCT WITH ONLY WATER AND A NEUTRAL SOAP, WIPING IT DRY WITH A SOFT DISPOSABLE CLOTH.
- Regularly clean the filters upstream of the product, in addition to those mentioned above, after having disassembled them and removed the limescale obstructing the outlets. Regularly clean the distribution points too, for example by slightly rubbing the distribution nozzles so as to free them of any limescale and keep the diffuser clean.
- When using spray-on soap, spray it onto a clean cloth or sponge, NEVER directly on the product.

CLEANING GUIDELINES - FINISHES
LINEE GUIDA PER LA PULIZIA – FINITURE

(*) **SPECIFIC GLASS CLEANER**: use on low dirt. Spray the product on a sponge or cloth and wipe the surface. Dry accurately.
MULTIFOAM: use to remove grease and fingerprints. Spray on a cloth, wipe the surface and dry thoroughly
ETHYL ALCOHOL: suitable for removing grease residues or persistent dirt. Wet the cloth with a little amount of it, wipe the surface and dry accurately
ISOPROPYL ALCOHOL: indicated for removing grease residues. Put a little product on a cloth, wipe the surface and dry very well.
UNIPOL (WARNING: THIS ABRASIVE PASTE MAY SCRATCH THE FINISH): use to remove chrome stains, and polish steel surfaces. Put it on a cloth, wipe the surface, then wipe with a cloth soaked with specific glass cleaner and dry properly.

(**) **WHITE SPONGE:** Suitable for cleaning lightly persistent dirt. Wipe the sponge over the surface. CAUTION: CLAN SOFTLY
MICROFIBRE CLOTH: Suitable for removing dust. CAUTION: BEFORE WIPING, CHECK THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.
PAPER CLOTH: Suitable for removing dust. It can also be sprayed with cleaning products (do NOT spray such products directly on the surface). CAUTION: BEFORE WIPING, CHECK THAT THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.

(***) AFTER CLEANING WITH WATER, **DRY EACH SURFACE IMMEDIATELY** TO PREVENT THE APPEARANCE OF LIMESCALE STAINS. THE USE OF DEIONIZED WATER WILL PREVENT THE FORMATION OF SUCH STAINS. CLEAN THE SURFACES FREQUENTLY TO AVOID EXCESSIVE DIRT OR FINGERPRINTS AND TO MINIMIZE THE CLEANING EFFORT, COST AND THE RISK OF SCORING/ALTERING THE FINISH.

(****) **INSTRUCTIONS FOR STAINLESS STEEL SURFACES CLEANING:**
Brushed stainless steel may show fingerprints in the early stages of installation, but these will become less noticeable after the first few cleanings. The most effective products for removing fingerprints or other types of stains are water with soap or a mild detergent.
Stainless steel with a mirror finish can be cleaned with specific products usuallv used for cleaning glass: most importantiv. thev must not contain chlorides. Do not use abrasive products as they can leave irreparable scratches on stainless steel surfaces. Alternatively, to remove contamination, a specific stainless steel cleaning product containing phosphoric acid may be used, carefully rinsing with clean water and drying. It is advisable to treat the entire stainless steel surface to avoid stains.
Traces of mortar and cement can be treated with a solution containing a small amount of phosphoric acid. Rinse with water (preferably deionized water to reduce the risk of leaving stains) and dry. Never use any type of product specifically designed for mortar removal or diluted hydrochloric acid: if these are accidentally used or spilled on stainless steel, rinse thoroughly with clean water.

DO NOT USE PRODUCTS CONTAINING CHLORIDE (ESPECIALLY CHLORIDRIC ACID), HYPOCHLORIC ACID CANDYGINS, OR PRODUCTS USED TO CLAN SILVER. If accidentally spilled on any stainless steel surface, rinse thoroughly.
To remove light dirt or fingerprints, use a damp cloth or suede leather; for more persistent dirt, nylon sponges are recommended.

DO NOT USE ABRASIVE WOOL PADS AND NON-INOX WOOL PADS: in addition to scratching, they can leave carbon steel deposits that, in the presence of humidity, could result in rust stains.
On polished finishes with a unidirectional surface texture, cleaning should be done with movements that follow the direction of the finish, not across it. To avoid contamination by iron particles, it is necessary to ensure that the cleaning tools chosen have not been previously used on carbon steel. In fact, materials for cleaning stainless steel workpieces must be reserved exclusively for this purpose.

Gessi will not accept any liability for losses suffered directly or indirectly in connection with the use of this website.

Showroom Dealer Referral Disclaimer

Gessi S.p.A. or its authorized North American distributor, Gessi North America Inc., may list on its website, refer or supply information on where Gessi products may be purchased directly to the consumer or to the trade. All authorized Gessi showroom dealers are independent businesses. And as such, Gessi S.p.A. or Gessi North America shall not be held liable for any contractual disputes between the purchaser of Gessi products and its authorized showroom dealers regarding price, payments of merchandise, delivery, unethical conduct or acts of God. The purchaser is not under any obligation to acquire Gessi products from any specific referral by Gessi S.p.A. or Gessi North America, its independent sales agents or subsidiaries.

Internet Purchase and Unauthorized Sellers:

Gessi and its authorized North American distributor Gessi North America warns against buying its products from any reseller or retailer that is not an authorized Gessi reseller located within or outside the US and Canada. Sometimes the price(s) quoted may be lower in order to induce customers to purchase, especially in the case of Internet sales. However, products offered for sale by unauthorized resellers may be non-genuine Gessi products or may not be modified to US / Canadian standards, resulting in installation and performance-related problems.

ONLY GESSI PRODUCTS SOLD BY AUTHORIZED DEALERS AND RESELLERS IN THE UNITED STATES AND CANADA ARE COVERED BY THE GESSI WARRANTY.

CARE & MAINTENANCE

Use Precautions / Maintenance / Suggestions

Cleaning recommendations for Gessi products:
Gessi products are manufactured with different materials to comply with the market needs, design and functionality.
• The surfaces of Gessi fittings are produced using the finest materials and manufacturing processes and are constantly improved by advanced quality assurance methods. To fully enjoy your Gessi products and to preserve their appearance, please note the following.
1. Water contains lime, to a greater or lesser extent, which is retained on the surface of the fitting, leaving deposits after the water has evaporated. You can prevent lime deposits forming and keep your fitting clean by always wiping the fitting dry immediately after use with a soft, dry cloth.
2. Do not to use detergents, solvents, chemical or abrasive agents, metallic sponges, alcohol, etc. to clean the surface of Gessi products: permanent damage to the surface of the product, its appearance and aesthetics, the brightness and the integrity of the finishing may be compromised. Clean only with a soft sponge and soapy water. Clean and properly dry the faucet in case of the presence of very hard water, whose deposits could damage the surface.
3. Periodically clean the filter of the aerator after unscrewing it and removing lime scale deposits that may obstruct the opening.

Cleaning instructions:
• Clean as and when required.
• The cleaning dosage and time the cleaner needs to take effect should be adjusted according to the product. Test cleaner on an inconspicuous part of the product before applying to the product
• Regular cleaning can prevent calcification.
• When using a spray cleaner, spray first into a cloth or sponge- never directly onto the product, as the spray could enter openings and gaps and causing damage
• After cleaning, rinse thoroughly with clean water to remove any residue.

IMPORTANT: residues of liquid soaps, shampoos and shower foams can also cause damage. Rinse with clean water after using. If the surface is already damaged, the effect of cleaning materials will cause further damage.

Precautions for Installation

• Before installing the faucet, flush the water supply lines of all debris.
• After installation, a plumber should check for any leakage, by leaving water running for two 15 -minute periods. After this procedure, it is suggested to inspect or have inspected the flexible supply hoses periodically for damage.
• Always turn water OFF on both hot and cold water supply lines before removing existing faucet or disassembling the valve. Open faucet handle to relieve water pressure and ensure that complete water shut – off has occurred.

Technical Data and Compliance Requirements

• Working pressure should not be lower than 0,5 bar (7,25 psi) and not be higher than 5 bar (72 Psi). In case of higher working pressure use a pressure reducer valve.
• Maximum test installation pressure: 8 bar (116 psi).
• Avoid major pressure differences between hot and cold water supply. Differences in pressure, water with high mineral content, and soapy substances can corrode the internal and external parts of the hoses and affect sealing joints, causing leakage.
• Maximum working temperature for Gessi products is 70 °C (158 °F).

FOR MORE DETAILED TECHNICAL INFORMATION, PLEASE REFER TO INSTALLATION INSTRUCTIONS INCLUDED IN THE PACKAGING OF EACH PRODUCT.

COMMERCIAL WARRANTY

MANUFACTURER'S LIMITED WARRANTY: COMMERCIAL WARRANTY

Gessi provides the following a limited warranty for commercial application of its products: Gessi warranties that its products shall be free from defects in finish, material and workmanship for a period of one (1) year from the date of commercial installation. Parts made of glass, porcelain or wood, and all finishes on lavatory and bath drains are excluded from this warranty.

CONSUMER WARRANTY

MANUFACTURER'S LIMITED WARRANTY: CONSUMER

RESIDENTIAL PRODUCTS

Warranty on Mechanical Parts

Gessi provides to the original purchaser of its products purchased and installed for residential application in the U.S. and Canada a limited lifetime warranty from the date of installation on all mechanical parts (except drains, for which only their chrome finishes are warranted) against manufacturing defects in material and workmanship under the terms and conditions set forth in this warranty.

Warranty on Valves and Cartridges

Gessi provides to the original purchaser of its valves purchased and installed for residential application in the U.S. and Canada the following limited warranties against manufacturing defects in material and workmanship during their normal North Americage: (1) ceramic disc valves carry a limited lifetime warranty; (2) single lever mixer cartridges: five (5) year limited warranty from the date of installation; (3) all other non-ceramic valve cartridges (pressure balance, thermostatic, diverter, etc.) are under a limited warranty for a two (2) year period from the date of installation.

Warranty on Finishes

Gessi provides to the original purchaser of its products a limited five (5) year warranty on all external plated finishes and a limited lifetime warranty on all PVD finishes from the date of installation for those faucets purchased and installed for residential application in the U.S. and Canada. Gloss staining and alkaline buildup may affect wear of the finish, over time and are not an indication of a defect, but of normal wear and tear; climate, atmospheric and other local conditions may increase normal wear. Products used under severe marine conditions and with heavy water are warranted for a period of one (1) year from the date of installation. All finishes on lavatoty and bath drains and product installed outdoors are excluded from this warranty. Any possible imperfection in the natural materials employed to manufacture Gessi products is not to be considered as a defect, but as a normal feature of Gessi products handwork.

Remedies under Warranty

Gessi (through its US distributor Gessi North America) will provide free of charge and at its sole option, replacement part(s) or product (or if no longer available, a comparable product) to replace those which have proven defective in materials or workmanship.
If you believe that you have a warranty claim for a Gessi product, the product must be returned to the dealer where originally purchased along with proof of purchase and a pertinent description of the problem and of your claim. A Return Goods Authorization ("RGA") Form must be requested and submitted to Gessi North America with an approved RGA number assigned by Gessi North America together with proper documentation for all warranty claims.

This warranty applies to the original consumer owner; IT DOES NOT COVER INSTALLATION OR ANY OTHER LABOR CHARGES AND SHALL NOT APPLY TO ANY PRODUCTS OR PARTS OF PRODUCTS WHEN:

• the repairs and/or installations covering the products were not made by an authorized licensed installer or were negligently performed, and/or Gessi spare parts, or parts that have been altered in any manner were used, unless previously approved in writing by Gessi North America; or sales receipt (without a sales receipt Gessi will not honor this warranty; the warranty rights are not valid).
• the covered products were damaged as a result of misuse, negligence, accident or faulty installation or maintenance performed by a plumber, contractor, service provider or member of the purchaser's household; or,
• the covered products were installed or used in a manner contrary to the product's printed instructions or this warranty's Instructions for filing a claim were not followed by the consumer; or,
• the covered products were damaged by the effects of severe air or water conditions, dirt, limescale or harsh, abrasive or aggressive cleaners and/or materials; or,
• the covered products were damaged as a result of conditions, malfunctions or defects derived from normal wear and tear; or,
• the covered products were damaged by ice and/or impurities present in water pipes; or,
• the covered products were used as a tool, hammer for any purpose other the one it has been designed for; or,
• electric cables were attached to the products; or,
• the warranty claim on the covered product(s) resulting from filter taps not being installed in the main water system or not installed before the supply hoses of the faucet.

CONSUMER WARRANTY

THIS WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY GRANTED BY GESSI AND IS IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY AND GESSI North America OR FITNESS FOR A PARTICULAR PURPOSE, AND IS LIMITED TO DEFECTIVE PARTS REPLACEMENT ONLY. THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

THIS WARRANTY IS LIMITED SOLELY TO THE ABOVE AND THIS WARRANTY AND ANY WARRANTIES IMPLIED BY STATE LAW; IF ANY WILL APPLY ONLY FOR THE APPLICABLE WARRANTY PERIOD SPECIFIED HEREIN. APPLICATION
If your purchase was made directly from Gessi S.p.A. the UCC applies and application of the UN Convention on International Sales of Goods is expressly excluded.

This is the Gessi exclusive written warranty to the consumer.

GENERAL TERMS & CONDITIONS

1. APPLICABILITY

1.1. These general terms and conditions of sale (the "General Conditions") shall form a binding contract between: (i) "Gessi" meaning a seller from the Gessi Group (Gessi s.p.a., Gessi North America, Inc. or any of their affiliates) who received and confirmed the Order (as defined in Section 1.2. below); and (ii) the "Buyer" meaning the professional reseller agreeing to proceed with the purchase of Gessi's products (the "Products") after receiving these General Conditions (collectively the "Parties" and each individually a "Party").

1.2. By agreeing to proceed with the purchase of Gessi's products (the "Products") after receiving these General Conditions, for example by accepting the delivery or by making a payment, the Buyer accepts these General Conditions under art. 1327 of the Italian Civil Code. Following such acceptance, all the Orders placed by the Buyer (the "Orders") and accepted by Gessi, are deemed contracts of sale and together with these General Conditions and any other connected contracts concluded between the Parties shall constitute the entire agreement (the "Agreement").

1.3. These General Conditions shall prevail over any general conditions presented to Gessi by the Buyer, either in the Orders or otherwise, unless expressly accepted in writing by Gessi. Gessi reserves the right, at its sole discretion, to modify the General Conditions from time to time. Any such change shall take effect upon communicating them to the Buyer or publishing them on the website of Gessi. The resolution, invalidity, or ineffectiveness of one (or part of) a clause or any provision of the Agreement shall not in any way result in the termination, invalidity, or ineffectiveness in part or the whole of any other clause or provision of the Agreement.

2. PRICES AND PAYMENT

2.1. The prices indicated on the relevant price lists of Gessi (the "Price Lists") are V.A.T. excluded and they are expressed in the currency indicated in the relevant Price List. Gessi may change the prices on the Price Lists at any time and with immediate effect upon its publishing and/or communicating to the Buyer (whichever occurs first). Gessi and the Buyer may agree on the specific discounts for possible distribution services of the Buyer.

2.2. The payments become due with the expiration date of the relevant invoice of Gessi and shall not be retained or set off by the Buyer under any circumstances. In particular, any delays in delivery or other conduct of Gessi the Buyer believes to constitute a default of Gessi shall not constitute grounds for any delay or set off in the payments due.

2.3. In case of any delay in the payment due, Gessi reserves the right to charge default interest under applicable laws and/or to suspend any further deliveries to the Buyer.

3. RETENTION OF TITLE

Title to all the ordered Products shall remain with Gessi until the relevant Order is entirely paid up by the Buyer (with any possible charges and interests). For that purpose, the Buyer shall cooperate with Gessi as may be necessary to protect Gessi's ownership. The risk of loss and destruction passes to the Buyer upon delivery of the Products.

4. SHIPMENT AND DELIVERY

4.1. Unless otherwise expressly agreed upon by the Parties in writing (also by e-mail), the delivery shall be EXW (Incoterms 2010) Gessi s.p.a.'s headquarter. In any case, the Buyer acknowledges and agrees that the Products will be delivered to the Buyer by Gessi s.p.a., even if the relevant purchase contract is made with another company with Gessi Group, unless otherwise expressly agreed upon by the Parties in writing.

4.2. Upon delivery of the ordered Products, the Buyer shall verify (i) if the delivery is complete; and (ii) the packaging of the Products. The Buyer shall report, on a delivery report (that must also be signed by the person delivering the Order to the Buyer) to be sent to Gessi by means listed in Section 4.3. below, any default of delivery, providing all appropriate descriptions and documentation.

4.3. Within 14 calendar days from the delivery, the Buyer shall also (i) verify whether the Products were delivered in good shape; (ii) duly document any possible defects of production in the Products, with photographs and/or videos showing such defects; and (iii) report any such defects to Gessi, via e-mail at the address indicated on Gessi's website (the reception of which should be confirmed by Gessi), fax, or registered letter, including a detailed description of the default and the documentation proving the default. The Buyer shall make the Products available for inspection or, if requested by Gessi, resend the Products to Gessi.

4.4. In the event the Buyer does not raise any objection to the delivery and/or to the ordered Products according to the provisions of the above Sections 4.2. and 4.3., such delivery and ordered Products shall be considered delivered in expected quantity and without any visible defects and the Buyer shall not be entitled to raise any further objections in that regard. The above is without prejudice to the warranty obligations of Gessi and any obligatory guarantees provided by applicable laws.

4.5. The Parties agree that if the sale of the Products to the Buyer or the Buyer's country becomes (or it comes to Gessi's knowledge that it has been) restricted by or would infringe any applicable regulations (the "Restrictions") and unless the Restrictions are withdrawn, the relevant Orders will be canceled by Gessi, without the possibility to change the destination of the shipment and Gessi may, at its sole discretion, choose to (i) refund the payments already obtained from the Buyer for such cancelled Orders, (ii) and/or give credit to the Buyer for the Products that are not restricted, subject to availability. Under no circumstances shall the Buyer have the right to request Gessi to supply the Products to the countries which are covered by Restrictions and/or which may be used to circumvent such Restrictions, being Gessi a manufacturer dedicated to scrupulous compliance with all the applicable laws.

4.6. In the event of export, re-export, or transit restrictions on Products, the Buyer must comply with all applicable regulations. In particular, the Buyer shall ensure that the Products' final destination or transit location does not fall within any restricted countries and that the final user of the Products is not a restricted person according to US or EU regulations. If the Buyer acts in violation of Article 12g of Regulation (EU) No. 833/2014, or any similar US or other applicable regulation regarding the export, re-export, or transit through the restricted countries, or towards

restricted persons, Gessi may terminate the relevant Order and/or the entire Agreement. Additionally, Gessi has the right to seek compensation for any damages, direct and indirect, connected to such a violation and/or termination. In all cases, Gessi commits to notifying the competent authorities in the event of a breach of the prohibition established in this Section.

5. WARRANTIES OF GESSI

THE PRODUCTS ARE SOLD TO THE BUYER "AS IS". THE WARRANTIES OF GESSI INCLUDED IN THE GESSI WARRANTY GRANTED TO THE BUYER ARE SOLE AND EXCLUSIVE WARRANTIES OF GESSI AND ARE MADE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY, OR OTHERWISE. THE REMEDIES SET FORTH IN THE GESSI WARRANTY ARE THE BUYER'S SOLE AND EXCLUSIVE REMEDIES, AND GESSI'S SOLE AND EXCLUSIVE LIABILITY, FOR ANY BREACH OF SUCH WARRANTIES. OTHER THAN AS PROVIDED IN THE GESSI WARRANTY, GESSI HEREBY DISCLAIMS, AND BUYER HEREBY WAIVES, ALL OTHER EXPRESS WARRANTIES AND ALL OTHER WARRANTIES, CONDITIONS, DUTIES AND OBLIGATIONS, STATUTORY OR OTHERWISE, IMPLIED IN LAW, INCLUDING THOSE OF PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, CUSTOM, USAGE, OR OTHERWISE. THERE ARE NO OTHER WARRANTIES, CONDITIONS, AGREEMENTS, ORAL OR WRITTEN, STATUTORY OR OTHERWISE, OR UNDERSTANDINGS, WHETHER OR NOT IN A CONTEMPORANEOUSLY EXECUTED OR DATED AGREEMENT OR SPECIFICATION, THAT EXTEND BEYOND THOSE SET FORTH IN THE GESSI WARRANTY AND NO OTHER WARRANTIES, CONDITIONS, AGREEMENTS, ORAL OR WRITTEN, STATUTORY OR OTHERWISE, WHICH MIGHT HAVE BEEN GIVEN BY AN EMPLOYEE, AGENT OR REPRESENTATIVE OF GESSI OR ITS AFFILIATES ARE AUTHORIZED BY GESSI. THIS IS WITHOUT PREJUDICE TO ANY NON-DEROGABLE NORMS OF THE BUYER'S COUNTRY.

6. SPECIAL ORDERS

6.1. Items sourced from the European catalog (the "Special Order Products") may not meet the USA/Canadian building codes or any product approval certification standards for residential or other commercial applications in the USA or Canada. It is the sole responsibility of the Buyer to verify whether such Products are compliant with local regulations to determine their conformity before making any Order. In any case, adaptors may be required for the proper installation of the Product.

6.2.SPECIAL ORDER PRODUCTS ARE NOT-RETURNABLE, NON-CANCELLABLE AND NON-REFUNDABLE. Additional freight/handling charges may apply to Special Order Products or expedited shipment requests on out-of-stock items via Air from Italy.

6.3. The Buyer shall be solely and exclusively liable for any claims of final clients, business client and/or competent authorities connected with the sales of non-compliant Special Order Products in the USA and/or Canada and shall fully indemnify Gessi and all its subsidiaries and affiliates against any such claims, costs, expenses (also including any legal fees), liabilities and any other damage suffered by Gessi, direct or indirect, connected to such non-compliance.

7. INTELLECTUAL PROPERTY RIGHTS

7.1. The Buyer acknowledges that all copyrights, industrial designs, patents, trademarks, service marks, logos, commercial names, trade names, domain names and/or slogans, whether registered or unregistered and all other intellectual property rights protected under different jurisdictions (the "Intellectual Property Rights" or "IPRs") held or in any case operated by Gessi s.p.a. and/or by its subsidiaries and affiliates are owned by or licensed to Gessi s.p.a. and/or its subsidiaries and affiliates ("Gessi Group"), granting them an exclusive right to use and benefit from such Intellectual Property Rights and the Buyer does not acquire any such rights hereunder. The Buyer shall not infringe Gessi Group's Intellectual Property Rights and/or act in any other way to the detriment of the goodwill of Gessi Group.

7.2. The Buyer shall market, distribute, and sell the Products only under the trademarks, logos, commercial names and other distinctive signs (the "Trademarks") of Gessi Group and not under any other Trademark. The Buyer shall not remove any Trademarks of Gessi Group from the Products and/or their packaging without Gessi's written consent. The Buyer shall use the Trademarks solely as necessary to show the origins of the Products to the customers and not in any other way, such as for showing it has any relationship with Gessi Group (unless permitted by Gessi s.p.a. in writing).

7.3. The Buyer shall not alter any Trademarks or Products (or other Intellectual Property) of Gessi Group without the latter's prior written consent. The Buyer acknowledges that if, during the effectiveness of this Agreement, changes to the Products, designs, Trademarks, promotional materials and/or other Intellectual Property of Gessi Group become necessary, the relevant company of Gessi Group will remain, in any case, the exclusive owner of all such modified Intellectual Property Rights.

7.4. The Buyer shall not attempt to register any of the Intellectual Property Rights of Gessi Group or designs confusingly similar to the designs of Gessi Group (also if they are not registered). The Buyer shall conduct business in a manner that always reflects favorably on the Products and reputation of Gessi Group. Any commercial use of the Intellectual Property Rights of Gessi Group by the Buyer other than strictly permitted under this Agreement is prohibited.
