CULTURE

PROGETTUALITÀ, MANUALITÀ, UNICITÀ:
I CAPISALDI DELLA HAUTE CULTURE GESSI

“Haute Culture” is a neologism exclusive to Gessi that summarises its journey of research into the excellence of design, expertise and manufacturing

Just as Haute Couture, or high tailoring, represents the ultimate and most sophisticated fashion system, Haute Culture similarly encompasses every facet of the cultural environment characterised by its uniqueness and distinctiveness. It means conceiving and developing novel and innovative solutions capable of best expressing Italian excellence: high-quality materials, attention to detail, a sophisticated style, innovation, imaginative compositions and durability. However, it also means creating new cultural values, drawing from various sources of inspiration including nature and water, “modelling” each and every element. The Jacqueline collection is the first and only to be created in real bamboo. One of the foremost values of Haute Culture is its inherent uniqueness. Just like a tailored outfit, every Gessi collection stands out for its unmistakable originality in form, colour, finish and workmanship, tailored to the discerning needs of a sophisticated clientele. Just as the creation of a haute couture garment involves meticulous steps, each mixer in the Jacqueline collection undergoes a similar handmade process, making them unique and incompatible with mass production. Mass production, in fact, is far removed from Gessi Haute Culture, and likewise far removed from Haute Couture. A tailored approach, durability and timelessness are yet additional distinctive elements of Haute Culture. Jacqueline accessories never age since they are not bound to any trend or fad. To the contrary, time only enhances their value. Transforming them into timeless icons of style and elegance.

Come la Haute Couture, o alta sartoria, rappresenta il punto più alto e sofisticato del sistema moda, così la Haute Culture indica ogni aspetto dell’ambiente culturale che possa essere definito come unico ed estremamente distintivo. Significa ideare e sviluppare soluzioni inedite e innovative, in grado di esprimere il meglio dell’ingegno italiano: alto livello dei materiali, cura del dettaglio, stile raffinato, innovazione, fantasia nelle composizioni, capacità di durare nel tempo. E creare nuovi valori culturali, traendo spunto da varie fonti d’ispirazione tra cui la natura e l’acqua, “modellatrice” di ogni elemento. La collezione Jacqueline è la prima e l’unica ad essere realizzata in vero bambù. Uno dei principali valori dell’Haute Culture è infatti l’unicità: proprio come un abito su misura, ogni collezione Gessi è fortemente riconoscibile e originale, sia in termini di forma, colore, finitura, lavorazione, sia perché plasmata sulle esigenze di una clientela sofisticata. Come nella creazione di un capo di alta moda, anche la realizzazione di ogni erogatore della collezione Jacqueline avviene in più fasi, molte delle quali vengono eseguite a mano e sono dunque uniche, irriproducibili in serie. La serialità è lontana dalla Haute Culture Gessi come, del resto, è lontana dalla Haute Couture. L’approccio sartoriale, la durabilità e la dimensione atemporale sono altri elementi distintivi della Haute Culture: gli accessori Jacqueline non invecchiano poiché non legati ad alcuna moda o tendenza. Anzi, con il trascorrere del tempo acquisiscono valore. Assumono il fascino di un’intramontabile icona di stile ed eleganza.

“Haute Culture” è un neologismo esclusivo di Gessi per sintetizzare il suo percorso di ricerca dell’eccellenza nel design, nella ricerca, nella manifattura

PERLE

Sculptural details of absolute elegance

PERLE is the perfect synthesis of the unique and tailored approach of GESSI's Haute Culture to the world of wellness. The ideal collection when you want to combine the most intimate room in your home with the sculptural details of absolute elegance. This collection is dedicated to people who leave nothing to chance, to lovers of contemporary art and cutting-edge fashion. Just as the pearl is the most perfect and rarest shape in nature, so the sphere that punctuates each element of the collection is an symbol of purity and the result of painstaking research. And of the ultimate experimentation that draws inspiration from architecture, art and fashion, combined with the timeless craftsmanship of Murano glass, the manual sculpting of marble and working of metals from the manufacturing industry.

SPHERICAL AND POLISHED, THE PERFECT SHAPE FROM NATURE TO THE FINISHED ARTICLE

SFERICA E LUCENTE,
DESIDERABILE FORMA
PERFETTA DALLA NATURA
ALLA MANIFATTURA

PERLE è la perfetta sintesi dell'approccio unico e personalizzato Haute Culture GESSI al mondo del wellness. La collezione ideale quando si voglia connotare l'ambiente più intimo dell'abitare con dettagli scultorei di assoluta eleganza. Dedicata alle persone che non lasciano nulla al caso, piace a chi ama l'arte contemporanea e la moda più all'avanguardia. Come la perla è la più perfetta e rara forma in natura, così la sfera che punteggia ogni elemento della collezione è emblema di purezza e frutto di una profonda ricerca. E della massima sperimentazione che trae ispirazione da architettura, arte, moda e dialoga con l'artigianalità senza tempo del vetro di Murano, la lavorazione manuale del Marmo e a quella dei metalli dell'industria manifatturiera.

Like a precious, tailor-made garment, the Jacqueline collection evokes the personality of a graceful and stylish clientele. An offering that embodies the essence of Gessi design and lifestyle, reiterating the "savoir-faire" inherent in its modus operandi, characterised by tailored production applied to furniture and design. Innovative and captivating designs, where bamboo takes centre stage, certain to amaze and to last.

Come un prezioso abito su misura, la collezione Jacqueline evoca la personalità di una committenza con grazia e stile. Una proposta che racchiude l'essenza della progettualità e del lifestyle Gessi e enfatizza quel "saper fare" insito nel suo modus operandi caratterizzato da lavorazioni sartoriali applicate all'arredo-design. Linee innovative e sorprendenti, con protagonista il bambù, destinate a stupire e a durare nel tempo.

TIMELESS FASHION INSPIRATION

The articles from the HAUTE CULTURE collections are the result of craftsmanship. Any irregularities on the surfaces, differences in execution, small variations in shape and size should be considered a distinctive feature of the manufacturing process. These characteristics are a clear guarantee of a handmade product and transform each item into a unique creation. The depicted images are therefore indicative and do not imply an obligation of faithful execution and consequent ground for dispute.

Gli articoli delle collezioni HAUTE CULTURE sono il risultato della lavorazione artigianale. Eventuali disomogeneità sulle superfici, differenze esecutive, piccole variazioni di forma e dimensione sono da considerarsi caratteristica peculiare del processo di lavorazione. Tali caratteristiche sono chiara garanzia di un prodotto realizzato a mano e trasformano ogni articolo in una creazione unica. Le immagini rappresentate sono quindi indicative e non comportano obbligo di fedele esecuzione e conseguente motivo di contestazione.

GENERAL TERMS AND CONDITIONS OF SALE

TECHNICAL PRESCRIPTIONS:

- 1) in order to guarantee a long-lasting performance of the product we recommend to install angle valves with filter, which must be regularly cleaned;
- 2) you should not install the product in presence of water pressure higher than 5 bar: in case of higher pressure, it is recommended to use a pressure reducer (In the case, use a demonstrable pressure reducer that complies with local requirements);
- 3) Testing suitable for local requirements with a maximum pressure of 12 bar;
- 4) water temperature should not be higher than 70°C;
- 5) carry out the rinsing of the pipes before installing the tap; before installing the product, have proof that the inlet water pipes are cleaned according to local regulations in force.
- 6) regarding the installation follow the assembly instructions enclosed with the product;
- 7) do not connect the earthing of an electric installation to a flexible hose or to another water pipeline;
- 8) close the plant in case of an extended absence of more than twenty-four hours.

The company has the right to invalidate the warranty when the above mentioned conditions will not be obeyed, checked by a technician of GESSI S.p.A.

The company GESSI S.p.A. can issue only any modifications at this warranty through a proper written declaration. Furthermore, the warranty will not be valid in case of missing documentation which proves the date of purchase.

Possible product damages a/o defects will be replaced under warranty only if the related item of complaint is send back to GESSI S.p.A. in the original packaging including the proof of purchase. The warranty is valid in all the countries, excluded USA and Canada, where the product has been supplied by GESSI S.p.A. or by its authorized distributor. The costs for the assembling and the disassembling of the product, the travelling and the technical interventions by the skilled staff, as well as the burden undergone by the customer due to the indisposition a/o the suspension of the product use are in any case excluded from the warranty. Possible imperfections at the finishing and at the raw materials, are not defects, but features of the product due to the handmade production.

MAINTENANCE: GESSI S.p.A. PRODUCT CLEANING INSTRUCTIONS

GESSI S.p.A. products are manufactured in different materials to suit all market, design and functionality needs. The surfaces of the products manufactured by GESSI S.p.A., for both indoor and outdoor environments, are obtained using the best materials and approved production processes and they are constantly enhanced by advanced quality certification methods.

The resistance and durability of all the types of material mentioned above are closely linked to proper use, good maintenance and the use of suitable cleaning materials and products that preserve the original characteristics. Therefore, the appearance of spots of rust or limescale deposits are clear indications of incorrect or lack of cleaning and not the result of defects and/or poor quality of the materials used.

Therefore, in order to fully appreciate your Gessi product and preserve its aesthetic quality, consider the following:

- The pollutants found in rainwater or the limescale in mains water remain in the form of stains on the surface of the product once the water has evaporated. It is possible to prevent the formation of deposits and keep your product clean by always drying it with a soft cloth.
 - DETERGENTS, SOLVENTS, CHEMICAL AGENTS, ABRASIVE SPONGES, WIRE WOOL, ALCOHOL, PRODUCTS CONTAINING CHLORINE AND ITS DERIVATIVES, ETC. MUST NOT BE USED as these may irreparably damage the product surfaces, thus compromising their aesthetic qualities, brightness and satin finish. REGULARLY CLEAN THE PRODUCT WITH ONLY WATER AND A NEUTRAL SOAP, WIPING IT DRY WITH A SOFT DISPOSABLE CLOTH.
 - Regularly clean the filters upstream of the product, in addition to those mentioned above, after having disassembled them and removed the limescale obstructing the outlets. Regularly clean the distribution points too, for example by slightly rubbing the distribution nozzles so as to free them of any limescale and keep the diffuser clean.
 - When using spray-on soap, spray it onto a clean cloth or sponge, NEVER directly on the product.
-

- (*) **SPECIFIC GLASS CLEANER:** use on low dirt. Spray the product on a sponge or cloth and wipe the surface. Dry accurately.
MULTIFOAM: use to remove grease and fingerprints. Spray on a cloth, wipe the surface and dry thoroughly
ETHYL ALCOHOL: suitable for removing grease residues or persistent dirt. Wet the cloth with a little amount of it, wipe the surface and dry accurately
ISOPROPYL ALCOHOL: indicated for removing grease residues. Put a little product on a cloth, wipe the surface and dry very well.
UNIPOL (WARNING: THIS ABRASIVE PASTE MAY SCRATCH THE FINISH): use to remove chrome stains, and polish steel surfaces. Put it on a cloth, wipe the surface, then wipe with a cloth soaked with specific glass cleaner and dry properly.
-

- (**) **WHITE SPONGE:** Suitable for cleaning lightly persistent dirt. Wipe the sponge over the surface. CAUTION: CLAN SOFTLY
MICROFIBRE CLOTH: Suitable for removing dust. CAUTION: BEFORE WIPING, CHECK THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.
PAPER CLOTH: Suitable for removing dust. It can also be sprayed with cleaning products (do NOT spray such products directly on the surface). CAUTION: BEFORE WIPING, CHECK THAT THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.
-

- (***) AFTER CLEANING WITH WATER, **DRY EACH SURFACE IMMEDIATELY** TO PREVENT THE APPEARANCE OF LIMESCALE STAINS. THE USE OF DEIONIZED WATER WILL PREVENT THE FORMATION OF SUCH STAINS. CLEAN THE SURFACES FREQUENTLY TO AVOID EXCESSIVE DIRT OR FINGERPRINTS AND TO MINIMIZE THE CLEANING EFFORT, COST AND THE RISK OF SCORING/ALTERING THE FINISH.
-

(****) **INSTRUCTIONS FOR STAINLESS STEEL SURFACES CLEANING:**

Brushed stainless steel may show fingerprints in the early stages of installation, but these will become less noticeable after the first few cleanings. The most effective products for removing fingerprints or other types of stains are water with soap or a mild detergent.

Stainless steel with a mirror finish can be cleaned with specific products usually used for cleaning glass: most importantiv. they must not contain chlorides. Do not use abrasive products as they can leave irreparable scratches on stainless steel surfaces. Alternatively, to remove contamination, a specific stainless steel cleaning product containing phosphoric acid may be used, carefully rinsing with clean water and drying. It is advisable to treat the entire stainless steel surface to avoid stains.

Traces of mortar and cement can be treated with a solution containing a small amount of phosphoric acid. Rinse with water (preferably deionized water to reduce the risk of leaving stains) and dry. Never use any type of product specifically designed for mortar removal or diluted hydrochloric acid: if these are accidentally used or spilled on stainless steel, rinse thoroughly with clean water.

DO NOT USE PRODUCTS CONTAINING CHLORIDE (ESPECIALLY CHLORIDRIC ACID), HYPOCHLORIC ACID CANDYGINS, OR PRODUCTS USED TO CLAN SILVER. If accidentally spilled on any stainless steel surface, rinse thoroughly.

To remove light dirt or fingerprints, use a damp cloth or suede leather; for more persistent dirt, nylon sponges are recommended.

DO NOT USE ABRASIVE WOOL PADS AND NON-INOX WOOL PADS: in addition to scratching, they can leave carbon steel deposits that, in the presence of humidity, could result in rust stains.

On polished finishes with a unidirectional surface texture, cleaning should be done with movements that follow the direction of the finish, not across it. To avoid contamination by iron particles, it is necessary to ensure that the cleaning tools chosen have not been previously used on carbon steel. In fact, materials for cleaning stainless steel workpieces must be reserved exclusively for this purpose.

In case the instructions above (reported from Gessi standard warranty) have not been observed, it is exceptionally possible to follow the instructions in the table below / Nel caso in cui le istruzioni sopra riportate (riportate dalla garanzia standard Gessi) non siano state rispettate, è eccezionalmente possibile seguire le istruzioni riportate nella tabella sottostante.

- date of purchase and installation
- model, serial number of product and description of affected part(s)
- description of the defect
- copy of original sales receipt (without a sales receipt Gessi will not honor this warranty; the warranty rights are not valid).

ANY MODIFICATION TO THE PRESENT WARRANTY IS VALID ONLY IF IN WRITING EXECUTED BY GESSI. GESSI AND GESSI North America's SALES PERSONELL AND /OR DISTRIBUTOR OR DEALERS MAY NOT MODIFY THIS WARRANTY IN ANY MANNER WHATSOEVER. GESSI AND GESSI North America RESERVE THE RIGHT TO MODIFY ITS PRODUCT(S) OFFERINGS AND WARRANTIES AT ANY TIME WITHOUT PRIOR NOTICE.

CARE & MAINTENANCE

Use Precautions / Maintenance / Suggestions

Cleaning recommendations for Gessi products:

Gessi products are manufactured with different materials to comply with the market needs, design and functionality.

- The surfaces of Gessi fittings are produced using the finest materials and manufacturing processes and are constantly improved by advanced quality assurance methods. To fully enjoy your Gessi products and to preserve their appearance, please note the following.

1. Water contains lime, to a greater or lesser extent, which is retained on the surface of the fitting, leaving deposits after the water has evaporated. You can prevent lime deposits forming and keep your fitting clean by always wiping the fitting dry immediately after use with a soft, dry cloth.
2. Do not to use detergents, solvents, chemical or abrasive agents, metallic sponges, alcohol, etc. to clean the surface of Gessi products: permanent damage to the surface of the product, its appearance and aesthetics, the brightness and the integrity of the finishing may be compromised. Clean only with a soft sponge and soapy water. Clean and properly dry the faucet in case of the presence of very hard water, whose deposits could damage the surface.
3. Periodically clean the filter of the aerator after unscrewing it and removing lime scale deposits that may obstruct the opening.

Cleaning instructions:

- Clean as and when required.
- The cleaning dosage and time the cleaner needs to take effect should be adjusted according to the product. Test cleaner on an inconspicuous part of the product before applying to the product
- Regular cleaning can prevent calcification.
- When using a spray cleaner, spray first into a cloth or sponge- never directly onto the product, as the spray could enter openings and gaps and causing damage
- After cleaning, rinse thoroughly with clean water to remove any residue.

IMPORTANT: residues of liquid soaps, shampoos and shower foams can also cause damage. Rinse with clean water after using. If the surface is already damaged, the effect of cleaning materials will cause further damage.

Precautions for Installation

- Before installing the faucet, flush the water supply lines of all debris.
- After installation, a plumber should check for any leakage, by leaving water running for two 15 -minute periods. After this procedure, it is suggested to inspect or have inspected the flexible supply hoses periodically for damage.
- Always turn water OFF on both hot and cold water supply lines before removing existing faucet or disassembling the valve. Open faucet handle to relieve water pressure and ensure that complete water shut – off has occurred.

Technical Data and Compliance Requirements

- Working pressure should not be lower than 0,5 bar (7,25 psi) and not be higher than 5 bar (72 Psi). In case of higher working pressure use a pressure reducer valve.
- Maximum test installation pressure: 8 bar (116 psi).
- Avoid major pressure differences between hot and cold water supply. Differences in pressure, water with high mineral content, and soapy substances can corrode the internal and external parts of the hoses and affect sealing joints, causing leakage.
- Maximum working temperature for Gessi products is 70 °C (158 °F).

FOR MORE DETAILED TECHNICAL INFORMATION, PLEASE REFER TO INSTALLATION INSTRUCTIONS INCLUDED IN THE PACKAGING OF EACH PRODUCT.

COMMERCIAL WARRANTY

MANUFACTURER'S LIMITED WARRANTY: COMMERCIAL WARRANTY

Gessi provides the following a limited warranty for commercial application of its products: Gessi warrants that its products shall be free from defects in finish, material and workmanship for a period of one (1) year from the date of commercial installation. CONSUMER WARRANTY

MANUFACTURER'S LIMITED WARRANTY: CONSUMER

RESIDENTIAL PRODUCTS

Warranty on Mechanical Parts

Gessi provides to the original purchaser of its products purchased and installed for residential application in the U.S. and Canada a limited lifetime warranty from the date of installation on all mechanical parts (except drains, for which only their chrome finishes are warranted) against manufacturing defects in material and workmanship under the terms and conditions set forth in this warranty.

Warranty on Valves and Cartridges

Gessi provides to the original purchaser of its valves purchased and installed for residential application in the U.S. and Canada the following limited warranties against manufacturing defects in material and workmanship during their normal North Americage: (1) ceramic disc valves carry a limited lifetime warranty; (2) single lever mixer cartridges: five (5) year limited warranty from the date of installation; (3) all other non-ceramic valve cartridges (pressure balance, thermostatic, diverter, etc.) are under a limited warranty for a two (2) year period from the date of installation.

Warranty on Finishes

Gessi provides to the original purchaser of its products a limited five (5) year warranty on all external plated finishes and a limited lifetime warranty on all PVD finishes from the date of installation for those faucets purchased and installed for residential application in the U.S. and Canada. Gloss staining and alkaline buildup may affect wear of the finish, over time and are not an indication of a defect, but of normal wear and tear; climate, atmospheric and other local conditions may increase normal wear. Products used under severe marine conditions and with heavy water are warranted for a period of one (1) year from the date of installation. All finishes on lavatory and bath drains and product installed outdoors are excluded from this warranty. Any possible imperfection in the natural materials employed to manufacture Gessi products is not to be considered as a defect, but as a normal feature of Gessi products handwork.

Remedies under Warranty

Gessi (through its US distributor Gessi North America) will provide free of charge and at its sole option, replacement part(s) or product (or if no longer available, a comparable product) to replace those which have proven defective in materials or workmanship. If you believe that you have a warranty claim for a Gessi product, the product must be returned to the dealer where originally purchased along with proof of purchase and a pertinent description of the problem and of your claim. A Return Goods Authorization ("RGA") Form must be requested and submitted to Gessi North America with an approved RGA number assigned by Gessi North America together with proper documentation for all warranty claims.

This warranty applies to the original consumer owner; IT DOES NOT COVER INSTALLATION OR ANY OTHER LABOR CHARGES AND SHALL NOT APPLY TO ANY PRODUCTS OR PARTS OF PRODUCTS WHEN:

- the repairs and/or installations covering the products were not made by an authorized licensed installer or were negligently performed, and/or Gessi spare parts, or parts that have been altered in any manner were used, unless previously approved in writing by Gessi North America; or sales receipt (without a sales receipt Gessi will not honor this warranty; the warranty rights are not valid).
 - the covered products were damaged as a result of misuse, negligence, accident or faulty installation or maintenance performed by a plumber, contractor, service provider or member of the purchaser's household; or,
 - the covered products were installed or used in a manner contrary to the product's printed instructions or this warranty's Instructions for filing a claim were not followed by the consumer; or,
 - the covered products were damaged by the effects of severe air or water conditions, dirt, limescale or harsh, abrasive or aggressive cleaners and/or materials; or,
 - the covered products were damaged as a result of conditions, malfunctions or defects derived from normal wear and tear; or,
 - the covered products were damaged by ice and/or impurities present in water pipes; or,
 - the covered products were used as a tool, hammer for any purpose other the one it has been designed for; or,
 - electric cables were attached to the products; or,
 - the warranty claim on the covered product(s) resulting from filter taps not being installed in the main water system or not installed before the supply hoses of the faucet.

APPLICATION

If your purchase was made directly from Gessi S.p.A. the UCC applies and application of the UN Convention on International Sales of Goods is expressly excluded.

This is the Gessi exclusive written warranty to the consumer.

GENERAL TERMS AND CONDITIONS OF SALE - GESSI NORTH AMERICA**1. APPLICABILITY**

1.1. These general terms and conditions of sale (the “General Conditions”) shall form a binding contract between:

- (i) “Gessi” meaning Gessi North America with its registered office in 704 N. Valley St. Suite E, Anaheim, (Ca) 92801 U.S.A., and
- (ii) the “Buyer” meaning the professional reseller agreeing to proceed with the purchase of Gessi’s products (the “Products”) after receiving these General Conditions.

(collectively the “Parties”)

1.2. By agreeing to proceed with the purchase of Gessi’s products (the “Products”) after receiving these General Conditions, for example by accepting the delivery or by making a payment, the Buyer accepts these General Conditions under art. 1327 of the Italian Civil Code. Following such acceptance of these General Conditions, they shall govern all the Orders placed by the Buyer (the “Orders”). The Orders accepted by Gessi are deemed binding contracts of sale which cannot be terminated unilaterally by the Buyer. Such accepted Orders and these General Conditions shall constitute the entire agreement between the Parties (the “Agreement”).

1.3. These General Conditions shall prevail over any general conditions presented to Gessi by the Buyer, either in the purchase orders or otherwise, unless expressly accepted in writing by Gessi. These General Conditions are governed by the laws of Italy.

1.4. Gessi reserves the right, at its sole discretion, to modify the General Conditions from time to time. Any such change shall take effect upon communicating them to the Buyer.

1.5. The resolution, invalidity, or ineffectiveness of one (or part of) a clause or any provision of the Agreement shall not in any way result in the termination, invalidity, or ineffectiveness in part or in whole of any other clause or provision of the Agreement.

2. PRICES AND PAYMENT

2.1. The prices indicated on this price list (the “Price List”) are V.A.T. excluded and they are expressed in USD. In the course of the business relationship with the Buyer, Gessi may communicate to the latter changes in price. Gessi and the Buyer may agree on the specific discounts relating to the distribution services of the Buyer.

2.2. Gessi reserves the right to change the Price List, for example, by making changes to the Products and/or even eliminating the same model from this Price List, at any time and at its sole discretion, without any obligation to give prior notice to the Buyer.

2.3. The payments become due with the expiration date of the relevant invoice of Gessi and shall not be retained by the Buyer under any circumstances. In particular, any delays in delivery or other conduct of Gessi that the Buyer believes constitutes a default of Gessi shall not constitute grounds for any delay in the payments due.

2.4. In case of any delay in the payment due, Gessi reserves the right to charge default interest under Legislative Decree no. 231/2002 as amended, without prejudice in any case to the applicable legal limits.

3. RETENTION OF TITLE

The ordered Products shall remain the property of Gessi until the relevant Order is entirely paid up by the Buyer and/or in the case of an extended payment, if such was agreed upon by Gessi. For that purpose, the Buyer shall cooperate with Gessi to protect Gessi’s ownership. The above is without prejudice to the fact that the risks of losing or damaging the Products shall pass to the Buyer from the moment the Products are delivered to the Buyer under Section 4.1. hereof.

4. SHIPMENT AND DELIVERY

4.1. 4.1. Unless otherwise expressly agreed upon by the Parties, the delivery shall be EXW (Incoterms 2010) Gessi’s headquarters, Italy.

4.2. Upon delivery of the ordered Products, the Buyer shall check (i) if the delivery is complete; and (ii) the packaging of the Products. The Buyer shall report on a delivery report that must also be signed by the person delivering the Order to the Buyer and sent to Gessi, any default of delivery, indicating any error in the quantity or kind of the Products delivered or any damage to the packaging.

4.3. Unless otherwise expressly agreed upon by the Parties, within 14 calendar days from the delivery, the Buyer shall also (i) verify whether the Products were delivered in good shape; (ii) duly document any possible defects of production in the Products, with photographs and/or videos showing clearly such defects; and (iii) report any such defects to Gessi, via email at the mail address of your commercial referent (the reception of which should be confirmed by Gessi), fax, or registered letter, including a detailed description of the default and the documentation proving the default. The Buyer shall make the Products available for inspection

or, if requested by Gessi, resend the Products to Gessi at Gessi's cost (if Gessi confirms the Buyer's claims) for its inspection when Gessi believes it is necessary.

4.4. If the Buyer does not raise any objection to the delivery and/or to the ordered Products according to the provisions of the above Sections 4.2. and 4.3., such delivery and ordered Products shall be considered, regarding visible defects, delivered in expected quantity and quality, in good shape, and the Buyer shall not be entitled to raise any further objections in that regard unless otherwise provided for by applicable law. The above is without prejudice to Gessi's warranty obligations. It is understood that neither these General Conditions nor Gessi's warranty shall prejudice any imperative guarantees provided by applicable laws..

5. DESTINATION OF PRODUCTS

5.1. The Parties agree that if the sale of the Products in the country indicated by the Buyer as the country of destination of the Products and/or in the country in which the Buyer headquarters is located becomes (or it comes to Gessi's knowledge that it has been) restricted by or would infringe any applicable regulations (the "Restrictions") and unless the Restrictions are withdrawn, the relevant Orders will be cancelled by Gessi under art. 1456 of the Italian Civil Code, without the possibility to change the destination of the shipment and Gessi may, at its sole discretion, choose to (i) refund the payments already obtained from the Buyer for such cancelled Orders, (ii) and/or give credit to the Buyer for the Products that are not restricted, subject to availability. Under no circumstances shall the Buyer have the right to request Gessi to supply the Products to the countries which are covered by the relevant Restrictions and/or which may be used to circumvent such Restrictions, being Gessi a manufacturer dedicated to scrupulous compliance with all the applicable laws, including also the legislation regarding the Restrictions. In the event of a violation of Article 12g of Regulation (EU) No. 833/2014, Gessi, in addition to the right to cancel Orders, may withdraw from the Agreement and shall have the right to request reimbursement of the expenses incurred in relation to the Agreement that led to the violation, as well as compensation for damages. In any case, Gessi commits to notifying the competent Authorities in the event of a violation of the prohibition set forth in this Section.

5.2. The Buyer acknowledges that the Products may be dedicated to certain territories where local laws provide different requirements than other territories and/or where the sanitary structure differs from other countries. The Buyer shall always resell the Products within the territories for which the Products are destined to ensure they comply with local laws. This is without prejudice to any laws (also including EU laws) prohibiting limitations of the resale territories.

6. ORDER CANCELLATIONS AND RETURNS

Orders placed, confirmed and/or delivered may be cancelled or returned subject to Gessi's policies. For information on such policies, the Buyer shall contact the Customer Service of Gessi, via email at cs.northamerica@gessi.com.

7. WARRANTIES OF GESSI

7.1. Gessi warrants that the Products will correspond with their technical specifications, subject to reasonable tolerances generally accepted in the trade and will be free from defects in material and workmanship at the time of delivery.

7.2. Gessi does not warrant that the Products will be compatible with local laws and appliances worldwide. For this reason, the warranty is valid only and exclusively for all countries for which the Product sold to the Buyer is destined, without prejudice, in any case, to the provisions of the applicable laws.

8. USE OF GESSI'S INTELLECTUAL PROPERTY RIGHTS BY THE BUYERS

8.1. The Buyer acknowledges that all copyrights, industrial designs, patents, trademarks, service marks, logos, commercial names, trade names, domain names and/or slogans, whether registered or unregistered and all other intellectual property rights protected under different jurisdictions (the "Intellectual Property Rights") held or in any case operated by Gessi and/or by its subsidiaries and affiliates are owned by or licensed to Gessi and/or its subsidiaries and affiliates, granting them an exclusive right to use and benefit from such Intellectual Property Rights and the Buyer does not acquire any such rights hereunder.

8.2. During the Parties' business relationship and after its end, the Buyer shall not produce the Products or any other products similar to or imitating the Products or in any other way infringe Gessi's Intellectual Property Rights and/or act in any other way to the detriment of the goodwill of Gessi.

8.3. The Buyer shall not use letterhead, calling cards, signage (also in the e-mail correspondence with clients and other third parties) or other representations in the name of Gessi or any of its subsidiaries or to represent itself as Gessi or as a part of Gessi's team or as any of its subsidiaries without the express, written permission of Gessi.

8.4. The Buyer shall market, distribute and sell the Products only under the trademarks, logos, commercial names and other distinctive signs (the "Trademarks") of Gessi and not under any other Trademark. The Buyer shall not remove any Trademarks of Gessi from the Products and/or their packaging without Gessi's written consent. Any such removal, distortion and/or change of

the Trademarks of Gessi or technical data or labels delivered with the Products or otherwise provided by Gessi shall be considered an infringement of the Intellectual Property Rights of Gessi.

8.5. It is understood and agreed by the Buyer that Gessi does not grant the Buyer any licence to use the Trademarks of Gessi, or its other materials provided to the Buyer by Gessi, otherwise than as necessary for the promotion of the Products and following strictly the indications of Gessi.

8.6. The Buyer shall not alter any Trademarks or Products of Gessi without the latter's prior written consent. The Buyer acknowledges that if, during the effectiveness of this Agreement, changes to the Products, designs, Trademarks, promotional materials and/or other Intellectual Property of Gessi become necessary, Gessi will remain, in any case, the exclusive owner of all such modified Intellectual Property Rights.

8.7. The Buyer shall not attempt to register any of the Intellectual Property Rights of Gessi. Furthermore, the Buyer shall not attempt to register or even use any other Trademarks or designs confusingly similar to the Intellectual Property Rights of Gessi (also if they are not registered).

8.8. The Buyer shall conduct business in a manner that always reflects favourably on the Products and the reputation of Gessi.

8.9. Any commercial use of the Intellectual Property Rights of Gessi by the Buyer other than strictly permitted under this Agreement is prohibited.

8.10. The Buyer shall immediately report to Gessi any actual or potential infringements of the Intellectual Property rights of Gessi and shall cooperate with Gessi in protecting such Intellectual Property Rights according to Gessi's instructions.

8.11. Gessi may adopt selective forms of distribution that will first be agreed upon between the parties.

9. CODE OF CONDUCT AND POLICY

The Buyer shall comply with Gessi's code of conduct and all Gessi's policies applicable to the Buyer, which can be found on Gessi's official website: <https://www.gessi.com/>.

10. CONFIDENTIALITY

The Buyer acknowledges and agrees that, during the business relationship with Gessi and after its expiry, all documentation and confidential business information, in whatever form or media, disclosed by Gessi to or known by the Buyer orally or in writing as a consequence of or through the Buyer's relationship with Gessi and which is not generally known to the public, including but not limited to, correspondence with Gessi, information concerning Gessi's products, finances, processes and services, clients, purchasing, test results, technology and technical information, accounting, manufacturing, distribution and marketing ("Information"), shall remain the sole and exclusive property of Gessi, shall be held in strict confidence by the Buyer, and shall not be published, disclosed, disseminated or used by the Buyer in any manner, except as expressly permitted hereunder. The Buyer may not reproduce or copy the Information, in whole or in part, and must return or destroy the Information upon the expiration or other termination of this Agreement. In addition, the Buyer shall safeguard such Information and ensure that only the Buyer's employees, officers and directors who need access to the Information for purposes of performing the Buyer's obligations under this Agreement will be given such access and all such employees, and officers and directors will comply with the confidentiality and non-use obligations set forth herein. It also complies with Gessi's codes of conduct and policies.
